Work Experience:

- **Amdocs Ltd. (Feb 2016 - Present)**
  Technically sophisticated professional with 3.8 years of experience in the areas of software developing and programming.
  a) Amdocs Billing R&D
     Application Name: Charging & Rating.
       i. Implement business logic using JAVA as backend.
      ii. Worked on Amdocs R&D project for development of new charging and rating microservices using Spring Boot for faster deployment, responsiveness and high availability of Amdocs rating and charging system.
  b) Amdocs A&M (Yellow Pages)
     Application Name: Common Web Services.
       i. Development and enhancement of SOAP and RESTful WS for client to interact with Amdocs system and other vendors for client.
  c) Involved in requirement gathering, design & analysis of the new feature in core product. Responsible for preparing technical design documents and low-level design documents.

Education:

- Bachelor of Technology in 2015: College-Global Institute of Technology, University- Rajasthan Technical University secured 65%.
- 12th in 2011: School - Jaipuriya Vidyalya, secured 61%.
- 10th in 2010: School – Jaipuriya Vidyalya, secured 68%.

Technical Skills:

- Programming Languages: C, JAVA, J2EE.
- Web Technologies: SOAP, RESTful, XML, HTML, JavaScript, Angular8.
- J2EE Technologies: Servlet, JSP, JDBC, Hibernate, Spring Framework, Spring Boot, Spring MVC, Spring WEB, Spring Security, Microservices, Kafka, Docker, Jenkins, Prometheus.
- Database: Oracle DB.
- Development Tools: Eclipse IDE, SQL Developer, Intellij Idea, maven.
- Servers: Tomcat, WebLogic.
- Utility Tools: Git, Perforce, MS Office.
- Operating System: Windows, Linux.

Other Skills:

- Strong coding hands on experience in core java and object-oriented concepts.
- Proficient in design and development of various applications using JAVA/J2EE technologies like WEB services, Spring Boot, Spring WEB, Spring JPA, Hibernate etc.
- Adept in end to end development of software products from requirements analysis to designing, coding documentation and implementation using Eclipse IDE, Intellij IDEA, Apache Tomcat, Oracle DB, Perforce.
- Good Knowledge of SOAP and RESTful WEB Services, good experience in creating end to end applications using Spring Boot and different spring modules.
- Able to learn and comprehend new system and methods quickly.
- Excellent communication and interpersonal skills with abilities in generating new ideas and resolving complex software issues.

Training, Certifications and Achievements:

- Among the finalists of Amdocs Astro hackathon and won the prizes for same.
- Developed a multipurpose dashboard to monitor the production critical resources like JMS, JAVA Listeners using Spring Boot, Spring JPA and Angular.
- Developed API as WEB SERVICE client to monitor application Web Services.
- Training in Amdocs Academy on Core Java, AWS, Spring end to end, JDBC and SQL. Completed Amdocs java certification
